## Project Manager

---

**Rapid**  
United Kingdom

me@xrap1dx.site

---

### Skills

I specialise in **Project Management, Business Management, Marketing**. I have strong experience with leading teams, overseeing operations and managing growth.

My key strengths are my leadership skills, communication and planning.

---

### Experience

#### **Starstruck Solutions LLC - Management**

SEPTEMBER 2024 - PRESENT

At Starstruck Solutions, I am responsible for overseeing the release of new games/products, the recruitment and onboarding of developers and leading projects. I also ensure the company operates smoothly. As well as this, I am also an investigation specialist at STARSOL.

#### **Mars Technologies - Board of Directors**

FEBRUARY 2025 - APRIL 2025

At Mars Technologies, I was on the board. I oversaw all operations and guided the company to success. I created and managed all recruitment methods. I also worked alongside the senior leadership team to ensure the company met its business objectives.

#### **Zenex Technologies - Chief Executive Officer**

MAY 2025 - PRESENT

I first joined Zenex Technologies as a member of the board. I ensured the company met all of its objectives. Unfortunately the company was failing and I was asked to become the Chief Executive Officer. I currently oversee all day-to-day operations at Zenex and make sure the organisation pleases our clients and meets our business objectives.

---

### Awards

While being at Starstruck Solutions I was nominated as the best STARSOL Manager (2024-2025). At Zenex Technologies I won an award for being the best leadership member.
